DATASHEET

PDF Converter 8

The Ideal Tool for Turning PDF Files into Fully Formatted, Editable Documents Delivers Better PDF for Business™

PDF Converter 8 is Nuance's most accurate software for converting existing PDF or XPS files into fully formatted Microsoft® Word, Excel®, PowerPoint®*, Corel® WordPerfect® or RTF documents.

Designed to take full advantage of popular cloud services as well as Microsoft® Office and Microsoft Windows® capabilities, PDF Converter 8 is Nuance's most productive and intuitive PDF conversion software ever. It enables you to automatically transform PDF and XPS files into accurate documents, forms and spreadsheets with no cutting, pasting or reformatting required. There's no smarter or easier way to unlock and repurpose content, including text, tables, charts and graphics, trapped in PDF files or to combine all pages of a PDF document into a single Excel spreadsheet. When it comes to boosting productivity and efficiency, you can count on PDF Converter 8 to deliver Better PDF for Business.

CONVERT PDF FILES INTO FULLY FORMATTED DOCUMENTS

Don't waste valuable time and money recreating PDF files in other applications. PDF Converter 8 lets you accurately convert PDF files to Microsoft Word, Excel, PowerPoint, Corel WordPerfect and RTF documents – complete with columns, tables and graphics intact. Just right-click on a PDF file and select your conversion format to create editable documents instantly. You can even combine all pages of a PDF document into a single Excel spreadsheet.

BOOST PRODUCTIVITY BY REPURPOSING CONTENT

Unlock content trapped within your PDF files. With PDF Converter 8, your converted documents include editable text as well as original tables and graphics that can be repurposed within new documents, presentations and more. Need to transfer a table from PDF to an Excel worksheet or workbook? No problem. Turn tables and spreadsheets into fully editable Excel files without the hassle of copying and reformatting.

NEW! EASILY CONNECT TO THE CLOUD

Convert and save documents directly to the cloud. PDF Converter 8 lets you connect to popular cloud services, such as Box, Google Docs™, Windows Live® SkyDrive®, Office 365, Evernote® and Dropbox. Access documents via the Web on your PC, make changes and then send the updated files back to the cloud. It's fast, easy and convenient.

IMPROVED! INTEGRATE SEAMLESSLY WITH POPULAR DOCUMENT MANAGEMENT SYSTEMS

Connect seamlessly with EMC²® Documentum, Xerox® DocuShare, Microsoft® SharePoint® Server 2003, 2007 and 2010, Windows SharePoint Services 3.0 and many more document management systems. Open files directly from SharePoint, convert the files and save them back to your SharePoint network. You can even send files to document management systems directly from Internet Explorer®. It's never been easier to access your converted documents from anywhere in your organisation.

* PPTX format is supported for PDF conversion in PowerPoint documents.

DOCUMENT IMAGING SOLUTIONS

Better PDF for Business™

Recognise and convert PDF forms

PDF Converter 8 includes smart, innovative Logical Form Recognition™ (LFR) technology that recognises and accurately converts static PDF forms into editable Microsoft Word forms instantly.

Get accurate “flowing column” conversion

Providing superior conversion accuracy**, PDF Converter 8 transforms PDF files into fully formatted documents – complete with flowing text and columns – so you can avoid time-consuming rework. Eliminate the tedious hassle of trying to edit content trapped in text boxes.

Release trapped charts and graphics

PDF Converter 8 separates individual graphics in the converted document, enabling you to save them or integrate them into Microsoft Word, PowerPoint and other applications by just copying and pasting.

Customise your conversion settings

Optimise accuracy by tailoring the conversion process to the type of document you're converting. Settings include Standard, Legal, Spreadsheet and Forms conversion.

Leverage the latest Microsoft features

Seamless integration with Microsoft Office 2010 and Windows 7 lets you access key PDF Converter 8 features from Microsoft applications and toolbars. For optimal convenience you can “pin” PDF Converter 8 to the Windows 7 toolbar, right-click on a PDF file to convert into another format and more.

Support a multilingual workforce

PDF Converter 8 supports a multi-language user interface – with just one installation – making it an ideal solution for organisations that conduct business in multiple countries.

***Actual conversion results may vary depending on the source file.*

SAVE TIME WITH BATCH CONVERSION

Say goodbye to the tedious process of opening and converting individual PDF documents. PDF Converter 8 makes it easy to batch convert files for maximum time savings. Simply drag and drop the files you need into PDF Converter Assistant and convert all of them at once with a single click. You can even select automatic language detection for optimal accuracy and convenience when converting multi-language documents.

System Requirements

- A computer with an Intel® Pentium® 4, higher or equivalent processor
- Supported operating systems: Windows 8 32-bit or 64-bit Edition, Windows 7 32-bit or 64-bit Edition with Service Pack 1, Windows Vista 32-bit or 64-bit Edition with Service Pack 2, Windows XP 32-bit Edition with Service Pack 3
- Microsoft Internet Explorer 8 or above
- 512 MB of memory (RAM), 1 GB recommended
- 200 MB of free hard disk space for application files for single language install, additional space required for additional languages and temporary installer files
- Web access needed for product registration, activation and obtaining live updates for the program
- Microsoft.NET Framework 4.0 installed

Note: Performance and speed will be enhanced if your computer's processor, memory and available disk space exceed minimum requirements.
