

Nuance Power PDF Advanced PDF uncompromised and unlimited

Collaboration and productivity at a price that makes business sense

PDF is the standard format for business document collaboration. Yet, most users lack adequate PDF power. The high price of competitive solutions makes powerful PDF software unobtainable for most while the limited capabilities of low-priced alternatives leave users powerless. As a result, collaboration and productivity is hindered.

Nuance® Power PDF Advanced puts an end to all of that. Power PDF Advanced provides all the capabilities business users need at a price businesses can justify. So now enterprises can put PDF on every desktop – boosting productivity and eliminating format-dependency bottlenecks that hinder workflow and slow down business.

Now users can create, assemble, convert, edit, search, secure, print and validate PDF documents and forms with unprecedented ease and speed.

Power PDF advantages

Microsoft Office-style ribbon user interface

Provides a familiar, intuitive user experience that minimises the learning curve and maximises productivity.

User-configurable Quick Access toolbar

Allows users to create shortcuts to their favourite features and capabilities.

User-configurable pattern search

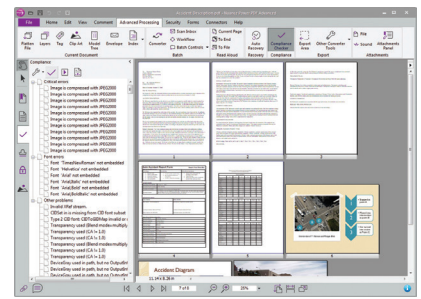

Performs intelligent Looks Like Search™ to quickly find phone numbers, email addresses, credit card numbers and more.

Dragon Notes

Empowers users to add comments by speaking instead of typing.

Streamlined document assembly

Allows users to combine files and remove or replace pages with drag-and-drop ease.

PDF uncompromised

For demanding business users, Power PDF is the next generation PDF solution that delivers performance, ease and value as never before, freeing you from the compromises of traditional PDF applications. When the demands of business demand PDF, demand Power PDF.

Powerful PDF editing and mark up

Dynamic stamps and a wide range of commenting tools give users advanced editing functionality to increase collaboration and productivity.

Highly accurate OCR and file conversion

Reproduces complex layouts with columns, tables and graphics.

Benefits of Power PDF Advanced**Boost productivity with automated workflows.**

Automate and simplify routine document scanning, capture, conversion and redaction workflows.

Validate conformance with PDF/A archival and accessibility standards

Ensure files comply with ISO PDF/A conformance levels and information accessibility standards.

Enterprise PDF security and rights management

Password-protect files with secure 128-bit or 256-bit AES encryption, permission controls and open documents protected with FileOpen rights management. Apply personalised protection to PDF documents using Microsoft Active Directory Rights Management Services, and view protected files based on granted rights.

Encourage users to comply with records management protocols

Users can easily open and save PDFs to enterprise document management systems directly from the File menu or in Portfolio mode – all to provide faster, easier access.

Easily deploy in compliance with information governance policy

Easily control the installable options for each organisation or department.

Run in Citrix and Microsoft Virtual Machine environments

Enjoy the cost-savings benefits of desktop virtualisation.

PDF uncompromised

For demanding business users, Power PDF Advanced is the next generation PDF solution that delivers performance, ease and value as never before, freeing you from the compromises of traditional PDF applications. When the demands of business demand PDF, demand Power PDF.

System requirements

- A PC with an Intel® Pentium®4, higher or equivalent processor
- Supported operating systems:
 - Windows 7 32-bit or 64-bit Edition with Service Pack 1
 - Windows 8 32-bit or 64-bit Edition
 - Windows 8.1 32-bit or 64-bit Edition
 - Windows 10 32-bit or 64-bit Edition
 - Windows Server 2003, 2008 RS2, 2012 (Citrix, Windows Terminal Server, Active Directory)
- Microsoft Internet Explorer 8 or above
- 512 MB of memory (RAM), 1 GB recommended
- 700 MB of free hard disk space for application files; additional space required for temporary installer files and for additional user interface languages
- Web access needed for product registration, activation, Dragon Notes and obtaining live updates for the program
- Microsoft.NET Framework 4.0 installed
- DVD-ROM drive (required if installed from disc)
- Noise-cancelling headset microphone for Dragon Notes (not included)

Note: Performance and speed will be enhanced if your computer's processor, memory and available disk space exceed minimum requirements.
