

News Release

From Nuance Communications, Inc.

Acergy Group Saves £500,000 Deploying Nuance PDF Create

*Global deployment of PDF Create brings accurate and easy PDF creation to
3,000 users*

Xx September 2009, London, UK: Nuance Communications, Inc. (NASDAQ: NUAN), the world's leading supplier of speech and imaging solutions, has today announced Acergy Group, the leader in seabed-to-surface engineering and construction, has made cost savings of up to £500,000 by standardising on products from Nuance's award-winning 'Better PDF for Business' family. The cost savings have been achieved through its highly competitive price point, which is a third of the cost of Adobe Acrobat. Acergy Group's deployment of Nuance's PDF solution is global, and will be used when it is necessary to create PDFs of emails, reports and presentations.

Before deciding to deploy PDF Create, the Acergy Group assessed competitor PDF products. The Acergy Group concluded that PDF Create boasted superior Microsoft Office integration, greater speed and conversion accuracy, while offering stand out features including batch conversion functionality, advance security and sophisticated encryption features.

Commenting on the deployment, Mike Fordyce, Acergy Group's IMS Engagement Analyst said: "Like all companies, the Acergy Group endeavours to deliver value back to its customers and stakeholders. Deploying solutions like Nuance's PDF Create not only directly results in cost-savings, but it is a reflection of Acergy's diligence and prudence when making business critical purchasing decisions."

Since its introduction, PDF Converter Professional has become the leading PDF alternative to Adobe Acrobat, with more than three million copies sold to individuals and businesses worldwide. Organisations both large and small have discovered the power and benefits within Nuance's PDF applications, including Airbus, ALDA Pharmaceuticals Corp., Bayer Industry Services, Best, Best & Krieger, LLP, Credit Suisse Information Technology, Dassault, The Euro Tunnel, French Ministry of Economy and Finance, EOF Technologies, French Social Security, The Gillette Company, Mitsubishi Hitec Paper, The National Institute of Health, Pfizer, Inc., Porsche, Siemens, Tech Data France, Telefunken, Trend Micro, Volkswagen, United States Attorneys Office and Wells Fargo. PDF Converter Professional has won over individual users and organisations through a simple formula – deliver all the rich features needed in a PDF desktop application, including some not available in other solutions, at a price that is less than 50% of the alternatives.

Availability and Pricing

PDF Converter starts from £49.99 inc. VAT and is available from Nuance and its global network of resale partners. PDF Converter Professional 5 has a suggested retail price of £99.99 inc. VAT, while PDF Converter Professional 5 Enterprise Edition starts from £149 + VAT. For additional information on features, pricing and volume licensing programs, please visit www.nuance.co.uk.
