

# NUANCE

The experience speaks for itself™

## DATASHEET

### PDF Converter Professional 7

Create, Convert and Collaborate with Better PDF for Business™

PDF Converter Professional 7 is the smarter PDF solution for business users. It provides everything you need to convert, edit, share and create PDF

files. It features Nuance's most accurate document conversion to editable formats even from within Microsoft® Office® and Microsoft Windows®. With more productive scanning, advanced PDF search and expanded multimedia support to include Microsoft Silverlight, users can create, convert, edit, assemble and securely share PDF files for enhanced productivity and collaboration.

### PRODUCE PROFESSIONAL DOCUMENTS

Deliver documents that look as good in print as they do on the screen – no matter where you send them. Instantly create 100% industry-standard PDF files that include PDF and PDF/A 1-b versions with security options that are fully compatible with virtually all PDF viewers. You can even automatically transfer hyperlinks, metadata and generate bookmarks when creating PDFs from Microsoft Word, Excel® and PowerPoint®.

Combine any type of file and/or folder into impressive PDF Portfolios that can be viewed with popular PDF readers. Add attractive, interactive cover pages that guide the audience. Even include photos, graphics, movies, audio or 3D drawings to communicate your message with attention-grabbing style.

### SAVE TIME AND MONEY WITH ACCURATE PDF CONVERSION

Don't waste time recreating PDF documents with complex layouts and graphics. Convert PDF files into fully-formatted, editable Corel® WordPerfect® and Microsoft Word, Excel or PowerPoint documents – complete with columns, tables and graphics intact – all with a single click. Even combine all pages of a PDF document into a single Excel worksheet. Superior conversion accuracy\* delivers consistently exceptional results.

### GET MORE DONE FASTER USING MICROSOFT OFFICE AND WINDOWS 7

Create PDFs with a single click while browsing files with Windows. Or convert to PDF from within Microsoft Office documents. Support for Windows 7 Jump Lists provides quick access to recent files and common PDF creation and conversion tasks. And integrated Microsoft Outlook® PDF tools let you archive entire folders of email and related attachments at once.

### COLLABORATE LIKE NEVER BEFORE

Exchange ideas and provide directions by adding notes, stamps, call-outs, graphics and more to PDF documents. View, organise, prioritise and update all your comments using the convenient Comment Panel. Edit documents directly, change fonts, colours and more to fix errors in text or graphics so your communications are perfect.

\*Actual conversion results may vary depending on the source file.

### Better PDF for Business™

#### Create PDF files from any PC application

Instantly create 100% industry-standard PDF files that are fully compatible with other PDF viewers.

#### Accurately convert PDF files

Convert PDF files into fully-formatted XPS, Corel WordPerfect and Microsoft Word, Excel or PowerPoint documents – complete with text, columns, tables and graphics intact.

#### Edit directly within PDF files

Correct typos, edit and annotate both text and graphics directly within PDF files.

#### Fill and save PDF forms

Use the FormTyper™ tool to convert static forms into fillable PDF forms that you can complete, save and email.

#### Scan directly to PDF

Set up your scanner once with your preferred settings and you're ready for one-click scanning to PDF. Scan and highlight, cross-out or underline – all in a single step.

#### Create PDF Portfolios

Place multiple files – or even folders – within a single PDF file. Portfolios allow you to organise, share and secure document groups more easily and effectively than ever before.

#### Manage multi-layer graphics

Better manage graphics with the ability to view, select, merge and flatten layers created by programs like AutoCAD® and Microsoft Visio®.

#### Bring multimedia to PDF

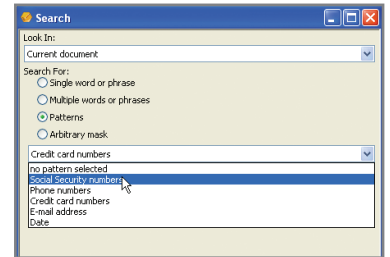

Embed Flash and Silverlight into PDF files to create attention-grabbing multimedia documents – quickly and easily with remarkable results.

### ASSEMBLE DOCUMENTS WITH EASE

Combine files and remove or replace pages with drag-and-drop ease. View and select pages from a source document – Microsoft Word, Excel, Corel PowerPoint, WordPerfect, XPS, JPG, BMP or TIF – to insert into a target document.

### PERFORM SMARTER SEARCHES

With Nuance's most accurate conversion to searchable PDF, you can search everything in a PDF document. Use the intelligent Looks Like Search™ capability to quickly find content, such as phone numbers, email addresses and dates, via an alphanumeric pattern rather than text. Automatically highlight, cross out or underline search results for faster, easier editing.

### PROTECT YOUR DOCUMENTS

Control viewing, printing and modifications by adding passwords with secure encryption and permission controls to PDF documents. Or flatten everything in a document, including signatures, stamps, mark-ups, annotations and filled form fields to ensure enhanced security.

### BE MORE EFFICIENT WITH BATCH CONVERSION

Do you have a lot of files that you need to turn into PDF files? Need to convert a bunch of PDF files into editable documents? PDF Converter Professional has a pair of assistants to help address these challenges, making it easier than ever to batch create and convert files for maximum time savings.

### SYSTEM REQUIREMENTS

• A computer with an Intel® Pentium® III higher or equivalent processor • Supported operating systems: Windows 7 32-bit and 64-bit Editions, Windows Vista 32-bit and 64-bit Editions with Service Pack 2, Windows XP 32-bit Edition with Service Pack 3 • Microsoft® Internet Explorer®7 or above • 512 MB of memory (RAM), 1 GB recommended • 500 MB of free hard disk space for application files plus 50 MB working space during installation • CD-ROM drive for installation • Web access needed for product registration, activation and obtaining live updates for the program • To save DOCX, XLSX and PPTX files (for Microsoft Office 2007 or 2010 Word, Excel and PowerPoint) you should have or install Microsoft .NET Framework 3.0 on Windows XP (free download available at www.microsoft.com).

**Note:** Performance and speed will be enhanced if your computer's processor, memory and available disk space exceed minimum requirements.
