

eCopy PDF Pro Office for Healthcare.

The smarter Desktop PDF software for clinical and administrative workflows.

Many hospitals and clinics talk about “going paperless” but even those that have achieved late stage Meaningful Use still receive and process high volumes of paper.

Going paperless means more than just eliminating or limiting how much paper is printed inside the hospital. It also means giving the providers and staff inside the healthcare organization the desktop PDF solution they need to support administrative, Health Information Management (HIM) and clinical workflows.

eCopy® PDF Pro Office 6 is the smarter desktop PDF solution for healthcare. It enables healthcare workers to create, view, edit, convert, and collaborate with 100% industry-standard PDF files to deliver maximum value without compromising functionality or ease of use. Plus, eCopy PDF Pro Office is the only PDF desktop solution that’s integrated with eCopy ShareScan® to deliver the most streamlined experience when scanning from a networked MFP to your desktop.

eCopy PDF Pro Office provides all the capabilities clinical and administrative staff need, at a price that allows you to put PDF on every desktop across the facility. This can dramatically boost productivity and eliminate format dependency

bottlenecks that can slow down healthcare workflows.

eCopy PDF Pro Office offers powerful and unique functionality, proven reliability, and remarkable ease of use in a small footprint solution that doesn’t eat up resources or impede system performance. It’s fully compatible with popular document management systems to give users controlled access to PDF files without placing an additional burden on IT. What’s more, Nuance offers attractive license programs—with no seat counting or auditing—to meet the needs of any sized healthcare organization.

A complete PDF solution

eCopy PDF Pro Office lets healthcare workers effortlessly create 100% industry-standard PDF files—including PDF and PDF/A-1b versions—directly from your scanner, MFP or any PC application that can print. Convert to PDF from within Microsoft Office documents or create PDF files from any document with a single click while browsing in Microsoft Windows®. Even create files in batches for maximum efficiency and time savings. Accurately convert PDF files to editable Corel, WordPerfect Microsoft Word, Excel, PowerPoint, and searchable XPS documents with fully formatted text, columns, tables and graphics.

eCopy PDF Pro Office helps healthcare organizations with their most important processes:

- Patient registration workflows
 - Records management and archiving
 - Patient record review and collaboration
 - Document production and assembly
 - Protecting PHI and enhancing HIPAA compliance initiatives
-

Enjoy fast, easy document assembly, too. Combine files and remove or replace pages with drag-and-drop ease.

Speak your notes for faster PDF review

With integrated Dragon® Notes speech recognition, you can use your voice to quickly capture ideas and comments directly within your PDF files. Simply speak to create text notes in far less time than it takes to type. It's a fast, accurate and convenient way to boost productivity when working with PDFs.

Connect to popular document management software

Integrate seamlessly with Microsoft® SharePoint® Server 2003, 2007 and 2010, Windows SharePoint Services 3.0, Microsoft Office 365, OpenText eDOCS 5.3, 6, [Hummingbird Enterprise™ 5.3 and 6], Autonomy®-Interwoven® WorkSite 8.3, 8.5 and 9, Livelink® ECM – Enterprise Server 9.7 and 10, NetDocuments SaaS cloud storage, WorldDox® GX2, EMC² Documentum 6.5, Xerox® DocuShare 6 and 6.5, and Therefore 2012. Save documents to DMSs quickly and easily from the Save As menu, from Portfolio view, or directly from Internet Explorer®.

System requirements

- A computer with an Intel® Pentium® 4, higher or equivalent processor
- Supported operating systems:
 - Windows 7 32-bit or 64-bit Edition with Service Pack 1
 - Windows Vista 32-bit or 64-bit Edition with Service Pack 2
 - Windows XP 32-bit Edition with Service Pack 3
 - Windows 2008 Server (Citrix, Active Directory)
- Microsoft Internet Explorer 8 or above
- 512 MB of memory (RAM), 1 GB recommended
- 700 MB of free hard disk space for application files; additional space needed for temporary installer files
- Web access needed for product registration, activation, Dragon Notes and obtaining live updates for the program
- Microsoft.NET Framework 4.0 installed
- DVD-ROM drive (required for installation)
- Noise-cancelling headset microphone for Dragon Notes (not included)

Note: Performance and speed will be enhanced if your computer's processor, memory and available disk space exceed minimum requirements.

Better PDF for Healthcare

Scan directly to your desktop

Simplify the scanning process via integration with eCopy ShareScan or pre-set scanning preferences, including the ability to monitor multiple folders to notify users when new documents are available.

Collect information from forms

Use FormTyper™ to automatically convert non-fillable forms into fillable PDF forms that you can complete, save and email.

Perform intelligent searches

Leverage an intelligent Looks Like Search™ feature and advanced information identification options to find what you need when you need it.

Easily manage network installations

Leverage robust network deployment tools to customize your installation. Conveniently service all users with network push install and software access options through supported virtualized software environments including Citrix® and Windows Terminal Services.

Ensure document security, enhance HIPAA Compliance

Control PDF document viewing, printing and modifications by adding passwords with encryption and permission controls. Automatically inspect for and fully redact sensitive data or flatten all PDF document contents for secure document sharing. Authenticate document owners using self-signing, Microsoft Crypto, or third-party signatures.
